## THE MPI ALUMNI ASSOCIATION

## Join the Club

You may no longer be working or studying at the Max Planck Institute for Intellectual Property, Competition and Tax Law in Munich, but as alumni you belong to a strong global community of MPI scholars. We want to keep in contact with you.

## Member Benefits

Alumni involvement contains tangible benefits:

- Sustained contact with the Max Planck Institute through newsletters and publications
- Access to the Alumni database
- Access to the broader MPI community on and off campus
- An annual Reunion and social events
- The tracing of old friends and fellow alumni
- Integration into affiliated Alumni clubs and interest groups (MIPLC)
- The opportunity to build career and professional networks or career mentorships
- Continued professional exchange and guest lectures
- An intranet with forums, profiles, and job offers (due 2009)
- An Alumni Fund for donations

## Find Advice and Network for your Future

With hundreds of alumni worldwide, including university professors, attorneys, judges, corporate counsel and many more professions, from the arts and media industry to pharmaceutical and finance, your network of contacts can expand.

Membership in the MPI Alumni Association means ongoing exchange with the academic world at the Institute and an opportunity to share experience, views and advice with scholars and other professionals.

## Keeping in Touch – Investing in the Future

Membership in the MPI Alumni Association is an active contribution to the Institute's work and academic tradition. Your continued involvement supports the MPI in remaining the institution of excellence it is.

We support the Institute's work and encourage intellectual and emotional ties between the Institute and its alumni throughout the world. We maintain a database with contact information for all members of our expanding alumni network. We hold events every year, both at the Institute and regionally, and provide a channel of mutual communication with the Institute, as well as its governing body, the Max-Planck-Gesellschaft.

## Get Involved

Membership is open to anyone with a past or present academic work relationship with the Institute, be it as scholar or guest researcher. Corporate Membership is also available. The Alumni Association is strongly endorsed by the Institute and its Directors.

We ask for a small annual membership fee of currently 20 EUR to help us support alumni activities, including reunions, guest lectures, address data bases and publications.

Whether you just want to keep in touch with the Institute, benefit from our services, reconnect or actively contribute to the MPI's ongoing work and research, we are happy to welcome you.

*Kind regards  
The Board*
